Headteacher's Weekly Message

Dear parents and carers, we have had a very busy but wonderful week at St. Anne's. On Tuesday we had our Quality Assurance visit for RE. This went exceptionally well, and we were told we are definitely a GOOD school! I hope you saw the World Book Day photos on Insta with David Walliams. We were so lucky that he chose our school to visit and receive his signed books. At St. Anne's we definitely strive to provide the children with an all-round Good education that is full of excitement. Today Mr Sambrooks led an assembly for science week. This was superb and the children really enjoyed it. Have a great weekend. Mr Hilton

This week's Headteachers award went to Elijah in 6S

She will be sadly missed by everyone but we wish her and her family well as they all relocate to be nearer her extended family. I know we all share in wishing them good luck.

Science Week

Thank you Mr Sambrook for a very exciting Science Week. We have had a great time celebrating Science Week. On top of watching the chicks hatch, we have been learning about change and adapt.

At Wednesday's assembly, Mr Sambrooks and Mr Hilton showed us 2 science experiments demonstrating this to the children.

We are pleased to announce that 10 chicks have hatched. The children and staff were so excited watching the different stages of them hatching and growing. Well done Mr Sambrooks for organising this event. Next week there will be an opportunity for the children to have a timetabled supervised visit where, should they wish to, they will be able to hold them before they are returned next Friday.

Michael in 3SP, has been nominated as writer of the week by the Polka Theatre Yr3 Writing Group for his Brain Jam, thinking of loads of characters, allies, Villains, story settings and problems etc. Well Done.
